

Embroidered Constellations

with Faith Hale

Learn how to embroider your own zodiac constellation with the help of our PDF pattern. You'll learn two different transfer methods to apply your design to cloth. Faith Hale navigates you through the outer realms of hand-embroidering metallic thread in one of Creativebug's series of outer-space-themed classes.

Learn How To:

- Embroider with metallic thread
- Embroider a star stitch
- Embroider a straight stitch
- Transfer a design pattern for embroidery

Materials:

- 4" or 6" embroidery hoop,
- 8" square of mid-weight cotton fabric in dark blue
- Size 16 embroidery needle
- Kurtzy metallic embroidery floss/thread
- Clover Chacopy transfer paper
- Scissors
- Light-colored fabric marking pencil

Learn How To:

- An easy-to-follow lesson on how to embroider constellations
- 3 HD video lessons you can access online anytime, anywhere
- Detailed supply list
- Step-by-step instructions by sewing expert Faith Hale
- The ability to leave comments, ask questions, and interact with other students
