1E. Display and Distribution of Non-Library Materials

To provide the public with access to information that may not be available in the library's collection, each community library provides a designated space for the display and/or passive distribution of free non-library materials.

Community organizations such as non-profits, cultural and educational institutions, businesses or government agencies may display or distribute posters, flyers, brochures or newspapers that are informational in nature.

Organizations with materials to display should present them at the service desk. The head librarian at each location or his or her designate determines if and how literature in compliance with this policy is displayed. Factors such as size, quantity, timeliness of the materials and space availability are considered. Priority may be given to materials from the library and its supporting organizations and to events and organizations that are of local interest. The library makes no attempt to solicit materials for the display area or to balance the collection. Display or distribution of materials does not imply endorsement by the library.

Materials that are exclusively commercial, materials that advocate illegal activity, and materials from individuals are not permitted.

Election literature that is informational in nature may be displayed or distributed in libraries where sufficient space exists. If space for display is not available, such literature will be kept accessible in a file.

The library disposes of surplus, and/or outdated materials or materials that do not comply with this policy. The library assumes no responsibility for the preservation or protection of materials posted or distributed.

Concerns or complaints about this policy, its implementation or materials displayed should be directed to the head librarian. If dissatisfied by the head librarian's decision, the patron may take further action by completing the "Request for Reconsideration of the Display and Distribution of Non-Library Materials" form available online and at all library locations. (See Appendix B.)

Materials which meet these criteria for display but which are determined to be unsuitable for minors by the Head Librarian or a majority of the Library Board will be available elsewhere in the library and a notice posted to that effect.

1F. Exhibits and Displays

The Greene County Public Library develops displays and exhibits on a regular basis. This is done to promote use of the collection and to highlight its diversity; to bring attention to special or under-used aspects of the collection; to make it easy to find information on topics of current issue; to celebrate special occasions. Such displays will, where applicable, reflect a variety of viewpoints and cultures. Permission for the public (groups or individuals) to use the library's display space may be given for educational, artistic and

cultural materials. Permission may also be given to groups to use community libraries to serve as collection sites for civic endeavors.

Display requests will be considered in the order in which they are received and the following factors will be examined:

- relevance to community needs
- suitability of physical presentation
- suitability of the subject matter
- quality of the presentation
- space requirements
- timeliness

The following categories of exhibit material are specifically excluded:

- Commercial exhibits
- Partisan political exhibits
- Exhibits advocating a position on ballot issues, except for library issues

Exhibits and displays not sponsored or created by the library may remain for sixty (60) days, or less. This is to keep displays current, of interest to the public, and fresh.

Groups may reserve exhibit space up to one year in advance. Groups or individuals may not reserve the same space for more than one thirty (30) day period at a time. This is to give all interested groups and individuals a chance to use the space.

The Greene County Public Library assumes no insurance liability for materials on display.

The library may request a sample of the work to be shown before granting permission to display.

Materials must be picked up the first working day after the end of an exhibit. If not claimed within two weeks (or if other arrangements have not yet been made), the material becomes the property of the Greene County Public Library and may be discarded.

The library reserves the right to approve the content and arrangement of all exhibits.

The library reserves the right to limit the size, number of items, the schedule of any display and the frequency with which an individual, or group may have a display or exhibit.

Exhibits cannot in any way disrupt the normal routine of the library. Each head librarian has the right to decide, consistent with intellectual freedom guidelines, if an exhibit (or a portion of one, such as an audio or audio/visual presentation) is disruptive.

Exhibits and displays will not include the prices of any objects.

The following statement will be posted as part of all non-library sponsored exhibits:
Exhibits are offered as a community service and do not carry the endorsement of the Greene County Public Library.

1G. Petitions and Solicitation

Petitions may not be displayed nor signatures collected on library grounds, including but not limited to library buildings, sidewalks, lawns, and parking lots.

Solicitation is any form of requesting money, support, or participation for products, groups, organizations, or causes which are unrelated to the library. Solicitation of patrons and/or employees is prohibited on library grounds, including but not limited to library buildings, sidewalks, lawns, and parking lots, regardless of the nature or content of the solicitation.
[Revised 09/14/2022]

1H. Meeting Rooms in the Library [Revised 02/11/2009]

Meeting rooms are available for reservation at the Xenia, Fairborn, Beavercreek, Cedarville and Yellow Springs community libraries.

All community meetings held in the Library meeting rooms must be open to the public.

Community groups whose purposes are non-profit, civic, cultural, or educational are encouraged to use the various library meeting rooms for group meetings when the rooms are not being used for their primary purpose: Library related activities.

Meeting rooms may not be used for social activities; private parties; commercial purposes/endeavors or gatherings that advertise a product or service; or political campaign meetings.

The Library does not endorse the views expressed by any group or individual using its meeting rooms.

The Library does endorse the right of those individuals or groups to express their views so long as they abide by the policies and rules governing the use of library meeting rooms.

a) Reserving a Meeting Room

The person reserving a meeting room must be at least 18 years of age. A reservation for a group of people who are under age 18 must be made by a supervising adult.

Reservations for meeting room use are made in person or by phone at the library where the meeting will be held.

Rooms must be reserved in advance of use.

Rooms cannot be reserved for days or times when the Library is closed, except as noted in §1I(b) below.

A group may have no more than two meetings scheduled at any GCPL facility at a time.

Groups may wish to occasionally reserve facilities for programs in a series. This may be possible with the approval of the head librarian.

b) Library Programs

Library programs will take precedence over all other scheduled meeting room events. If there is a conflict between a library program and a meeting room reservation, the Library reserves the right to cancel the reservation at any time. While the Library reserves the right to change or cancel meeting room reservations when necessary, the Library will endeavor to avoid such conflict.

Library programs may be scheduled when the Library is closed to the general public. Library programs include those produced by the Library, the Greene County Public Library Foundation, or a Friends of the Library group.

Presenters at Library-sponsored programs are permitted to sell merchandise related to the subject or activity of their program. This permission is granted either to reduce the cost of the program to the Library or to raise funds for the Library Friends groups or Greene County Public Library Foundation. Sales are to be handled by the presenter, a representative of the Friends or Foundation, or a local vendor.

c) Responsibility of Organizational Representatives

An official representative of the organization must sign an agreement to (1) limit the number of people occupying the requested meeting room to the number posted by the Fire Marshall, and (2) accept full responsibility for any infraction of the regulations and any damage to Library property incurred during or in connection with the proposed meeting. Responsibility is nontransferable. A new form must be signed in order to change the assignment of responsibility.

d) Meeting Room Rules

The use of the meeting room by a non-Library group shall not be publicized in such a way as to imply Library sponsorship of the group's activities.

Announcements or publicity must include an address or telephone other than the Library as contact for information.

Groups should allow time to arrange the room to meet their needs.

Groups are responsible for notifying the Library of cancellation of a meeting, in addition to notifying group members and/or the audience.

An adult leader shall be present at all times and responsible for the supervision of any groups of children, who are under the age of 18, using the meeting room.

Meetings/programs shall not disturb persons using the Library's public areas.

Smoking is prohibited in the meeting rooms. Alcoholic beverages are not permitted in the meeting rooms, except a part of Library-sponsored educational or fundraising programs approved by the Director. (Revised 05/11/2016)

Non-Library groups may not charge admission fees or make commercial solicitations on library premises; however, groups may charge a reasonable fee to recover the cost of materials, handouts, craft-making supplies, refreshments, etc.

Groups are responsible for leaving the meeting room in good order. Failure to abide by the rules may be justification for restricting the group's future use of a room.

Parking is limited at all sites. Daytime attendees in Xenia must use off-street or metered parking. Attendees are encouraged to carpool if possible.

Childcare for children of adults attending meetings in Library meeting rooms is the responsibility of those adults. The Library is not responsible for children in the facilities during meetings.

The Library assumes no responsibility for hats, coats, or other personal belongings of persons attending meetings.

Groups using the meeting rooms must leave when the Library closes.

The Library will attempt to reach the contact person for the group if a Library closes for an emergency.

e) Termination

The Library reserves the right to terminate any group meeting, if the Director of the Library, or his designee, determines that the group meeting constitutes a nuisance or that the meeting disrupts Library services.

The term "nuisance," as used above, is defined as creating a condition that jeopardizes the health or safety of Library patrons and/or staff, or that creates an unreasonable risk of harm to patrons and staff, or that interferes with or annoys other patrons in the enjoyment of using the Library services.

The term "disrupting Library services," as used above, includes, but is not limited to the following:

- i.) disrupting access to Library services
- ii.) requiring an inordinate amount of staff involvement or resources
- iii.) disturbing core Library functions: accessing information, collection, programming, staff services, providing a public place of quiet contemplation
- iv.) violating any laws of the State of Ohio or any policies of this Library

The purpose of this termination clause is to preserve the right of patrons to use the public library without being subject to annoying, dangerous, or criminal behavior.

f) Occupancy

By order of the Fire Marshall, occupancy is limited as follows:

Xenia Community Library – 1 st Floor Meeting Room	Xenia Community Library – 2 nd Floor Meeting Room	Fairborn Community Library Meeting Room	Beavercreek Community Library Meeting Room	Yellow Springs Community Library Meeting Room	Cedarville Community Library Meeting Room
297 Standing 130 w/Chairs 59 w/table and chairs	42 w/chairs 20 w/table and chairs	75 Standing	29 w/ table and chair 49 Standing	49 w/Chairs	76 standing 54 w/ chairs 25 w/ tables and chairs

g) Room Set-Up

Tables and chairs are available for the group to set up.

h) Audio-Visual Equipment

Each location has some audio-visual equipment (e.g. TV, VCR, overhead projector, screen, etc.), which must be requested at the time of scheduling. Groups must supply their own equipment operator.

1I. Library Programs, Publicity and the Media

Library programs are planned according to the needs and interests of each community library. Some programs may require pre-registration. The community information officer shall coordinate programs, services and special events requiring publicity. The director is the official library spokesperson at the request of the Library Board of Trustees. The community information officer serves as the media liaison for the Board and Administration whenever official media statements are required pertaining to library policies and procedures or positions on system-wide issues.

1J. Public Participation at Library Board Meetings

Meetings of the Board of Library Trustees are held at 2 p.m. on the second Wednesday of the month. The Board does not meet in August. Meetings are held in the Board Room, located in the administrative offices on the second floor of the Xenia Community Library, unless stated otherwise.

It is the intent of the Board that persons wishing to address comments or ask questions shall be afforded reasonable and fair opportunity to do so. Members of the public wishing to address the Board may do so at any regularly scheduled meeting during the agenda time reserved for communications. In order for the Board to fulfill its obligation to complete the scheduled agenda in an effective and efficient fashion, a maximum of 30 minutes of public participation is permitted at each meeting. For those wishing to speak, an oral or written communication to the library director stating a concern or topic at least a week before the meeting is strongly encouraged.

All visitors are required to sign in before the call to order and to indicate if they wish to speak. Those visitors who have indicated a desire to speak will be recognized in the order in which they signed in. Speakers must identify any groups or organizations for which they will speak in an official capacity.

Each speaker is given three (3) minutes to share her/his views with the Board. If several persons wish to speak, each will be allotted three (3) minutes until the total public participation time of 30 minutes is used. No person may speak more than once per meeting.

It should not be expected that the board would take immediate or official action on any subject brought before it without having time for review or study of facts or matters presented.

If a resident wishes to share additional comments, she/he may schedule an appointment with the Library Director, who will then present a summary of that meeting to the Board of Trustees.

The Board President recognizes each registered speaker. The Trustees listen and do not interact with the speakers. The Board President introduces each speaker and keeps track of the time. The Board President may ask questions or ask for additional information from persons appearing before the Board.

1K. Donation of Materials and Equipment

(See also separate manual: Collection Development Policy)

The Greene County Public Library accepts donations of materials. As many used items are not appropriate for inclusion in the library's collection because of age, condition or duplication of materials already owned, the head librarians or their designee at each location will determine the acceptability of any donations for the Greene County Public Library.

The library reserves the right to refuse any donations.

The Library does not assess the value of donations or gifts. Upon request, a receipt verifying the number of items donated will be provided.

Donations that are not added to the library collection are either given to the Friends group for sale at that location or sold by the Greene County Public Library in an ongoing or annual sale.

1L. Donation of Monies or Funds

Monetary gifts may be donated to the Greene County Public Library or to a local Friends group.

Money donated to the library for gift books or memorials will be deposited in a legally established special revenue fund or the General Fund. Items purchased become the property of the library and may be disposed of accordingly. Gifts of this type will be acknowledged by letter from the head librarian at the location receiving the gift or memorial.

Annually, in December, the Library Board acknowledges the receipt of all monetary donations to the Greene County Public Library.

The Greene County Public Library Foundation serves as a conduit to receive tax-deductible gifts of cash and non-cash property that can be used to further the mission of the library.

1M. Volunteers

A person who would like to volunteer at a community library must complete a volunteer application. If volunteer opportunities exist, the head librarian or his or her designate will review the application, interview appropriate candidates, assign tasks, establish a schedule, train and supervise the volunteer. Where possible, the library will assist the local courts and other social service agencies to provide community services and /or library work experience for individuals.

1N. Disposal of Materials and Equipment

Withdrawn library materials are either given to the Friends group to sell or sold by the Greene County Public Library in an ongoing or annual sale. Items at library or Friends sales are sold "as is." No refunds are given. Monies collected by the Friends groups are managed and dispersed by the group. Monies collected at sale locations where there is no Friends group will be deposited with Greene County Public Library Foundation.

The library director is authorized by the Board of Trustees to sell or discard any outdated library materials or equipment, or may give discarded library materials or equipment to an organization or governmental unit. The receiving organization or governmental unit's mission must be in line with the mission of the library. Preference is given to qualifying agencies serving Greene County residents.

1O. Telephones and Paging in the Library

Patrons may not use staff telephones, except in an emergency or at the discretion of the staff. Patrons will not be paged, unless there is an emergency.

1P. Tours and Special Programs

a) Requests for Tours

Requests for library tours should be made in advance. Every effort will be made to assign a staff member appropriate to the age or interest of the group requesting the tour. Some tours may need to be scheduled around the availability of various staff. The library reserves the right to determine an acceptable size for a group. Staff assistance may be limited. Any tour group is welcome to stay longer to work independently.

b) Special Group Attendance at Library Programs

Library sponsored programs are designed for members of the public. Organizations that would like to send groups of five or more should make arrangements in advance.

c) Children's Programs

Children should meet designated age requirements. The library reserves the right to turn away unregistered patrons at those programs for which pre-registration is required.

d) School Visits and Off-Site Programs

Visits to schools in Greene County by library staff will be scheduled as time and staff schedules permit. Visits to schools are subject to change based upon scheduling and staff needs at each library. Visits and programs for institutions will be scheduled as time and staff schedules permit.

Section 2 - Special Services and Special Collections

2A. Photocopiers

The library provides photocopiers at each location. The charge is \$.15 per copy.

2B. Study Room(s)

Study Rooms are available at the Beavercreek, Fairborn and Xenia libraries. Groups or individuals using a study room must sign up for use of the room. Sign-ups are for one hour but may be extended if there are no groups or individuals requesting use. Typical use of a study room is for group study, tutoring or committee work. Activities in a study room should not create a disturbance or interfere with the conduct of library business.

2C. Exam Proctoring

Proctoring is available at the Beavercreek, Fairborn and Xenia libraries for students in accredited degree or certificate granting programs. Conditions for proctoring must be within the library's service limitations. The student must make an appointment with the designated proctor and reserve the meeting or study room.

2D. Notary Public

The Greene County Public Library does not provide a notary official at its service locations. Patrons are directed to appropriate sources to secure the services of a notary.

2E. Voter Registration

Citizens may register to vote at all Greene County Public Libraries. New registrations and name and address changes may be completed at any time and will be forwarded to the Greene County Board of Elections; however, registrants must check with the Election Board to confirm their eligibility to vote. The Election Board, and not the library, handles absentee voter ballot applications.

2F. Golden Buckeye Registration

People who are at least 60 years old or disabled can register for Golden Buckeye cards at all Greene County Public libraries. Staff members must verify proof of age or disability. Completed forms are faxed to the State of Ohio and materials are returned to applicant. If fax is not available, applicant is instructed to mail verified application. No copies are retained at the library.

2G. Service Limitations

The library does not provide any office services, equipment or supplies such as fax, telephone, photocopying, and computers, except as available in regular patron areas. Pay phones are available near each location. The library does not have staff available for loading, unloading or the carrying of group's materials.

2H. Special Collections for Teachers

Patrons eligible for a Teacher/Educator's card may request a collection of materials on a particular topic or subject area by completing a Classroom Collection Form. The individual borrowing the materials is personally responsible for return of the items as well as any fines, damages or replacement costs that may be incurred. (Updated 9/9/15)

2I. Outreach Services

Home delivery is a program designed to assist Greene County residents who are unable to utilize the library safely due to age, illness or physical limitations. This includes individuals who reside in their own homes, an assisted living facility or nursing home. In an effort to provide Outreach services to a targeted population, we seek to recognize the individuality of each patron and the uniqueness of his or her needs. Patrons may request items online and have them delivered or items will be selected for the individuals, taking their taste in materials into consideration.

When there is someone in the home able to come to the library for the patron, they are encouraged to do so. This service is reserved for those without family assistance.

Outreach Services also serves Senior Living Facilities by: bringing library material to the Activity Coordinator for their use with residents, by delivering items to individuals living in the facilities, by bringing a mini-library on a monthly basis and by leading book discussions as time allows.

To ensure the safety for our staff, we request that any pets be contained away from the delivery area, either behind a closed door or in a cage. When this is not possible, the pick-up and delivery of library items will be made outside the front door of the house.

a) Eligibility for Home Delivery

Eligible Home Delivery Patrons must reside in Greene County and meet one of the following criteria:

- Be unable to safely come to the library due to age, illness or physical disability. (Please note: A doctor's certification may be required.) Deliveries may include materials for the minor children of home delivery patrons.
- Live in a nursing/rehabilitation facility or an assisted living facility.
- Be a full-time caretaker of a person who is unable to utilize the library safely due to age, illness or physical limitations. Deliveries are made only in Greene County. If an individual is a full time caretaker or is receiving full time care in Greene County, either may receive our services.

Note: If the patron currently has a library card, the account must be in good standing. Patrons who owe \$5 or more in fines and fees are ineligible until they are below the fine threshold.

b) Borrowing Policies

An Outreach Services Staff member will deliver and pick up library items on a regular monthly schedule. Patrons are expected to be available when delivery is made or to make prior arrangements with the library staff.

Items will be loaned to home delivery patrons and facilities for 6 weeks, in order to allow for delivery and pickup on a monthly basis.

Home delivery patrons may renew items one time if there are no requests on the library materials.

The number of items delivered may be limited because of staff workload or availability of the types of items desired.

Home delivery patrons are fine free, but are required to pay charges for lost or damaged items.

No other person is eligible to use your personal library card. The privileges of 6 week borrowing time and being fine free only apply to the home delivery patron.

3B. General Reference Service Procedures and Guidelines

Reference materials do not circulate.

Library staff use authoritative sources to respond to all patron questions. If a question cannot be answered after consulting relevant sources in a local library, staff may consult a librarian at another branch. In some instances, patrons may be referred to other agencies that can completely answer their questions.

During busy periods, preference is given to the patron in the library over the patron on the telephone.

The number of patrons waiting for help restricts the time available to assist any one patron.

With the exception of the Greene County Room, the Greene County Public Library does not provide research service. If a question requires compiling information from several sources, reference staff help patrons locate and use the appropriate materials but do not do the actual research or prepare individualized bibliographies.

If the response to a telephone inquiry would require more than three minutes to read, the patron is encouraged to come in to see the material. If an immediate answer is not found for a telephone query, the patron is called later after a more thorough search. The patron may be encouraged to visit the library to complete the research.

3C. Information Requests Requiring Special Approaches

a) Appraisals

Staff do not make appraisals. Staff show the printed sources the library owns and suggests that the patron contact dealers or other experts. Staff point out that printed price information may be region-dependent or out-of-date and that the value of an object depends on its condition.

b) City Directory and Criss-Cross Information

Staff give out information from city and criss-cross directories upon request, either in person or over the telephone. For phone queries, only two "nearbys" are given. The library's patron database is never used as a source for this information.

c) Consumer Information

Staff give out evaluations of products as listed in books, periodicals and computer databases. Staff do not give personal interpretations or recommendations. Staff explain the complexity of the rating process and encourages patrons to examine the complete information themselves.

d) Contests

Staff encourage patrons to do their own searching, but answer simple factual questions. Staff make the answers to known contest questions available to all staff if they are likely to be asked again.

e) Genealogy and Local History

Staff refer all genealogical and local history questions to the Greene County Room. Staff may phone the Greene County Room in advance to make sure that the requested information is available there.

f) Homework

Homework assignment questions are treated the same as all other information queries. Homework assignments are legitimate information needs; staff treat them with the same priority and care as any other question. Staff encourage students to learn to use library resources and explain the process of locating the answer if possible. Teachers are encouraged to alert the library to upcoming assignments and to assign library work that has a reasonable chance of success. If the library does not have the information needed to complete an assignment, staff fill out a "Teacher Notification Form" and give it to the student.

g) Income Taxes

The library staff do not select forms for patrons and do not offer tax advice or interpretations of instructions. Staff may however help patrons to locate forms and publications.

h) Legal Information

Staff provide legal definitions and specific citations from the codes, but do not interpret passages. Staff caution the patron on the complexity of the law, the possibility that other pertinent laws may exist, and the limitations of library materials. Staff may refer the patron to the Greene County Law Library for information not obtainable from the Greene County Public Library. For complex questions (more than a simple definition or citation of a code), staff request that the patron come to the library. Staff do not recommend specific attorneys, but may suggest the patron contact an attorney or the local bar association for further assistance.

i) Medical Questions

Staff will assist patrons in finding information about diseases or medical conditions, tests and treatments in print and in electronic databases. Staff do not interpret the information found in medical books or databases. Staff does not make diagnoses, give advice or make recommendations. Staff may refer patrons to the local medical society, to area hospitals, to the organizations listed in the United Way Community Service Directory and to the United Way telephone information and referral service. Staff do not recommend specific health care professionals.

j) Reader's Advisory

Staff help patrons select materials when they request assistance. Although this is a judgmental activity, a staff member's advice is based on a thorough and up-to-date knowledge of the library's collection.

k) Research Requests

If the information needed to answer a question is very lengthy or must be compiled from several sources, staff help the patron to locate appropriate materials, show him/her how to use them and check periodically to make sure the patron is progressing well. When a research request is phoned in, staff encourage the patron to come to the library in person if the appropriate materials are in the library's collection. Staff may recommend database searches and Resource Sharing and make referrals to other libraries and organizations when their collection would better meet the patron's needs.

I) Translations

Staff looks up words and simple phrases in dictionaries. Staff refer patrons needing longer translations to university language departments or to the Dayton Council on World Affairs translation service.

3D. Greene County Room Services

Genealogy and local history research is to be done by patrons, with limited assistance from the staff as time and other patron needs permit.

Local history and/or genealogical research requested by letter will be conducted. Most materials can be photocopied; however, fragile materials cannot be photocopied. A charge of \$.25 per page for photocopying is billed to the corresponding patron.

At patron request, articles from Greene County newspapers are photocopied and sent at no charge to the Greene County Public Library building most convenient for the patron.

Greene County Room materials do not circulate. Materials do not leave the Greene County Room for use in other locations within the building.

Greene County Room materials of an archival nature may be viewed only with the assistance of a staff member.

Duplication of manuscripts and photographs for the use in a publication or other media requires permission of the Greene County Room archivist.

3E. Fax Policy

The Greene County Public Library provides outgoing fax transmissions only. The Library can provide a cover sheet to be filled out by the patron. The patron is responsible for finding and verifying the correct fax number. Charges are a flat \$1.00 per page for local, toll-free, and long-distance numbers. Payment is due before service is provided. Operation of the fax machine is restricted to staff members only and this service will be provided as work schedules permit. If the fax number is busy, the number is redialed twice automatically. If the fax is not successfully transmitted after three attempts, the document(s) and payment will be returned to the patron. The Library assumes no responsibility for documents left on the premises.

The Library is unable to receive faxes except for information being provided by another Greene County Public Library. Patrons receive fax copies at no charge if the needed materials are not available in their local library. There is a limit of 8 pages per patron request of materials from one branch to another, exclusive of the fax transmission sheet. The library staff reserves the right to make exceptions regarding maximum number of pages faxed. [updated 2/13/13]

3F. Scanning Service

The Library offers a free scanning service. Scanned items may be saved to a patron's personal storage device. For locations where operation of the scanner is restricted to staff members only, this service will be provided as work schedules permit. [Approved 1/8/14].

4A. Library Cards

a) Acquiring a Library Card

- The Greene County Public Library permits all Ohio residents or Ohio income or property tax payers, regardless of age, the privilege of obtaining a library card.
- At the time of registration, the patron is asked to provide her/his name, address, telephone number and birth date. Adult applicants must provide a photo ID with current address or a photo ID and separate proof of current address (piece of metered mail such as a bill or bank statement) before being assigned a card. The patron may borrow no more than 10 items from the collection for the first 60 days if borrower can produce a photo ID and proof of address. [approved 05/01/09]
- If proof of address is not available, the library card is mailed to verify address. The patron may borrow no more than two (2) items from the collection until the card is brought to the library and is verified. The patron is then at a limit of 10 items for the first 60 days. [approved 05/01/09]
- In the case of a minor child, the card is mailed to the parent or guardian of the minor child if the parent is not present or unable to provide a photo ID with a proof of address. - A patron may register for a temporary library account online and receive limited library privileges immediately. The patron must visit a Community Library to receive a permanent library card. Temporary accounts are deleted after 30 days. [approved 07/12/2006]
- Library users are expected to present their library cards to check out materials, request materials, access their patron record or use the Internet. [approved 5/20/2005]
- An adult library patron may present photo identification in lieu of a library card to gain access to services for his or her account. [Approved 03/14/2007]
- Because minors do not usually have access to photo identification, Library staff will provide services to a minor for that patron's account, provided that the minor can verify his or her name, address, and birth date. [Approved 03/14/2007]
- Self-service opportunities in the Library do require the patron to use his or her library card. [Approved 03/14/2007]

b) Library Cards for Temporary Residents

[Approved 06/10/2015]

e) Teacher/Educator Card

A Teacher/Educator's card is available to verified educators, home schoolers, and education students who are eligible for a Greene County library card. This card is in addition to the teacher/educator's personal card. [Approved 10/12/2011; updated 10/08/2014]

To qualify for a Teacher/Educator's Card, the teacher must bring proof of employment in a school or; for home schoolers, a letter from the appropriate authority such as Greene County Educational Service Center, the Beavercreek Superintendent's office or the Fairborn Superintendent's office; for education students, a letter from a professor or college official; for other educators, a letter from the institution at which they teach.

A Teacher/Educator's Card expires annually. Only teachers, home schoolers, education students, or other educators who have a Greene County Public Library Educator's Card are eligible for 6-week loans and room collections provided by the librarians. [Approved 07/09/2008]

f) OhioLINK Visitors Card

Visitors from other OhioLINK institutions must present a valid identification card from their institution in order to borrow materials.

g) Responsibility of Card Holders

Patrons are responsible for all materials checked out on their library cards. If materials are lost, damaged, or returned late, patrons are responsible for paying fines or replacement fees. The parent or legal guardian of a minor patron is responsible for all materials checked out on the minor patron's card. [Approved 03/14/2007]

h) Lost or Stolen Cards

The owner of a lost or stolen library card is responsible for all material checked out on that card up to the time it was reported lost or stolen. A replacement card costs one (1) dollar.

j) Damaged or Unreadable Cards

In the event that a patron's card becomes damaged or unreadable in the Greene County Public Library's automation system, the card will be replaced at no charge to the patron.

4B. Restriction of Library Privileges

A parent or legal guardian may bar his/her child under eighteen (18) from borrowing projected media (videos and DVDs) from the library. Parents may choose from the following options for their children:

1. Unlimited borrowing privileges: Minors may borrow any circulation item in the Library's collection.
2. Limited video/DVD privileges: Minors may borrow videos and/or DVDs only from the juvenile collection.
3. No video/DVD privileges: Minors may not borrow videos or DVDs.

4C. Denial of Library Privileges

A parent or legal guardian may bar his/her child up to age eighteen (18) from borrowing library materials by completing a form that will block the child from getting a library card.

4D. Personal Identification Numbers

Each registered patron is encouraged to have a PIN (Personal Identification Number). This number permits the patron, at any public computer in the library, from home or office computer with an Internet connection or via the Tele-Notice system to place requests or obtain information from their account. Patrons can obtain one on their own or have a staff member create one for them at a service desk.

4E. Library Patron E-mail Addresses

The Greene County Public Library Board of Trustees approves the occasional use of the patron's email for the purpose of sending news and information about the library, its services, programs, events, policies and Friends groups.

4F. Public Access to Library Records [approved 09/12/2007]

It is the policy of the Greene County Public Library that openness leads to a better informed citizenry, which leads to better government and better public policy. It is the policy of the Greene County Public Library to strictly adhere to the state's Public Records Act. All exemptions to openness are to be construed in their narrowest sense and any

denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

a) Public records

This office, in accordance with the Ohio Revised Code, defines records as including the following: Any document – paper, electronic (including, but not limited to, e-mail), or other format – that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of the Greene County Public Library are public unless they are specifically exempt from disclosure under the Ohio Revised Code.

It is the policy of the Greene County Public Library that, as required by Ohio law, records will be organized and maintained so that they are readily available for inspection and copying (See Section 4 for the e-mail record policy). Record retention schedules are to be updated regularly and posted prominently.

b) Record requests

Each request for public records should be evaluated for a response using the following guidelines:

- A request for public records is made to the Library Director.
- Requests may be made:
 - by telephone (937) 352-4000 ext. 1200.
 - on-site in the Administration Office, Second Floor, Xenia Community Library. On-site review of public records is made in the presence of the Library Director or his/her designee during the business hours of 9:00 a.m. to 5:00 p.m., Monday through Friday (except holidays).
 - or by mail to Library Director, Greene County Public Library, PO Box 520, Xenia, OH 45385.
 - or by FAX to Library Director, Greene County Public Library, 937-372-4673.
 - or through the request form on the Greene County Public Library website, <http://www.greenelibrary.info/forms/contact-director.php>

Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification, and should assist the requestor in revising the request by informing the requestor of the manner in which the office keeps its records.

The requester does not have to put a records request in writing, and does not have to provide his or her identity or the intended use of the requested public record. It is this office's general policy that this information is not to be requested, except to the extent

necessary to permit the Library to comply with requests to mail or email documents to the requester.

Public records are to be available for inspection during regular business hours, with the exception of published holidays. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review of the records requested.

Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied immediately if feasible to do so. Routine requests include, but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows. If more copies are requested, an appointment should be made with the requester on when the copies or computer files can be picked up.

All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by the (public office) within three business days following the office's receipt of the request. If a request is deemed significantly beyond "routine," such as seeking a voluminous number of copies or requiring extensive research, the acknowledgement must include the following:

- An estimated number of business days it will take to satisfy the request.
- An estimated cost if copies are requested.
- Any items within the request that may be exempt from disclosure.

Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority.

c) Costs for Public Records

Those seeking public records will be charged only the actual cost of making copies.

- The charge for paper copies is 5 cents per page.
- The charge for downloaded computer files to a compact disc is \$1 per disc.
- There is no charge for documents e-mailed.

Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies. Prepayment of copying and delivery costs is required.

d) E-mail

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the office. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of this office are instructed to retain their e-mails that relate to public business (see Section 1 Public Records) and to copy them to their business e-mail accounts and/or to the office's records custodian.

The records custodian is to treat the e-mails from private accounts as records of the public office, filing them in the appropriate way, retaining them per established schedules and making them available for inspection and copying in accordance with the Public Records Act.

e) Failure to respond to a public records request

The Greene County Public Library recognizes the legal and non-legal consequences of failure to properly respond to a public records request. In addition to the distrust in government that failure to comply may cause, the Greene County Public Library's failure to comply with a request may result in a court ordering the Library to comply with the law and to pay the requester attorney's fees and damages.

f) Records Commission

The Records Commission is composed of the members and the clerk of the Greene County Public Library Board of Trustees. The Records Commission is responsible for reviewing applications for one-time disposal of obsolete records, and schedules of records retention and disposition submitted by any employee of the library. The Records Commission at any time may review any schedule it has previously approved and for good cause shown may revise that schedule. The Records Commission meets at least once every twelve (12) months. The annual meeting of the Records Commission is held in the month of April.

g) Confidentiality of Patrons

The Board of Trustees recognizes that library records and patron information are confidential. According to Ohio Revised Code 149.432 library records are defined as a record in any form that is maintained by the Library and that contains any of the following types of information:

- Information an individual is required to provide in order to be eligible to use Library services or borrow materials.
- Information that identifies an individual as having requested or obtained specific materials or materials on a specific subject.
- Information that is provided by an individual to assist a staff member to answer a specific question or provide information on a particular subject.

- Information that does not identify an individual and that is retained for studying or evaluating the use of the Library is not considered confidential and is not subject to this policy.

Under Ohio law, library records shall not be made available to any agency of federal, state, or local government, or to any spouse or other individual, except as pursuant to the following:

- For the records of minor children when requested by parents, guardians, or custodians.
- In accordance with a subpoena, search warrant, or other court order, or to a law enforcement officer who is investigating a matter involving public safety in exigent circumstances.
- At the written request or with the written consent of the individual who is the subject of the record or information.
- For library administrative purposes as defined by Ohio Revised Code 149.432

Sources of patron information may include but not be limited to:

- **Database Search Records:** These records refer to the searches of the library collection a patron may conduct on the Online Public Access Terminals (OPAC). Searches use the integrated library system by Innovative Interfaces. The log of all searches is cleared at the end of the business day.
- **Circulation Records:** Patron material is circulated via the Innovative Interfaces system. The circulation software tracks materials currently checked out, automatically erasing a user's borrowing record once the material is returned and checked out again.
- **Computer Use Records:** Greene County Public Library is equipped with computers supplied via a grant by the Bill and Melinda Gates Foundation. When a patron logs off of a Gates computer, the software erases all history of the patron's search activity.
- **WebSENSE Software Logs:** WebSENSE software is used to assure that access to pornography is blocked on Greene County Public Library computers. This software logs daily activity on all Greene County Public Library computers. WebSENSE logs are cleared at the end of each business day.
- **PCReservation Logs:** PCReservation software is used to assign computer access to patrons. Patron barcode information is retained in daily logs that are cleared at the end of each business day.
- **Resource Sharing Records:** Greene County Public Library accesses materials from other libraries through SearchOhio, OhioLINK, and OCLC Resource Sharing services. No Greene County Public Library paper records are kept after the materials are returned and the transaction is complete. Identifying patron information is purged from electronic records when the transaction is completed.
- **Reference Interviews:** A reference interview occurs when a patron needing information interacts with a staff member who questions or interviews the patron in order to narrow down the specific information needed. No paper record is kept during an in-person interview that includes patron information.
- **Telephone Reference Interviews:** If a patron name and number is taken by phone, and patron information is recorded, the paper record is destroyed as soon as the requested information is delivered.

- **E-Mail Reference Requests:** Information requests received by e-mail are printed so the librarian can work on the question. The e-mail message from the patron is deleted. The printed request is destroyed when the question is answered.
- **E-Mail Reference Responses:** The librarian answers the e-mail query by e-mail. The e-mail answer cache is deleted when the transaction is satisfactorily completed.
- **Instant Messaging (IM) Transactions:** The Library does not keep a transcript of instant messaging sessions. [approved 06/14/2006]
- **Reading History:** Reading History is a feature offered in the My Account area of the Library catalog, and allows a patron, if he or she chooses, to create, maintain, or delete a list of items previously checked out by that patron. This option is patron-controlled and can only be turned-on by a patron who chooses to do so. Staff do not have direct or easy access to the patron's information; however it is *possible* to retrieve that data if the patron has turned on the Reading History option. [approved 07/12/2006]
- **E-Commerce:** Patrons may pay fines and fees online through the My Account feature of the library catalog. The Library contracts with a third part to manage this service and neither has access to, nor is responsible for, the credit card information of patrons who choose to use this service. [approved 08/09/2006]

h) Patron Privacy: Fundamental Principles

To assure patron privacy, library policies and procedures follow these recommendations:

- Avoid creating unnecessary records.
- Avoid retaining records that are not needed for efficient operation of the library.
- Be aware of library practices and procedures that place information in public view.
- All requests for information from library records or other documents that fall under the Public Records Policy shall be made to the Library Director or his/her designate.
- The Library Director is responsible for handling requests from law enforcement officers.
- The Library Director is the official contact for the Library with the Office of the County Prosecutor, the Library's legal counsel.
- In the absence of the Library Director, the Assistant Director, then the Clerk Treasurer, are official designates who may release information or contact legal counsel.

i) Releasing Patron Information [Approved 03/14/2007]

- Library staff will provide access to patron account information over the telephone to a caller who can provide both the library account number and the patron's birth date associated with that account.
- Because identification is difficult to verify over the telephone, Library staff will provide only limited access to patron account information to the caller who provides the patron's name, address, and birth date.

The Library also wishes to secure that information in the interest of protecting that child. (See Appendix C.) [Approved 09/10/2008]

4I. Minor's Account Designate

A parent or legal guardian may complete a Minor's Account Designate Form and give permission for another adult or adults to be a designate on the minor's library card. Appendix A - Technology Access Priorities Statement

By action of the Greene County Public Library Board of Trustees
October 9, 2002, revised 05/06/04; 01/12/05; 09/28/06; 09/10/14; 01/11/17

The Greene County Public Library is committed to providing its patrons with technology necessary to completely fulfill all patron expectations with respect to the primary mission and functions of the Greene County Public Library. In this regard our strongest priority is to support and maintain the Library webpage, the on-line catalog, and access to all other electronic reference databases and software available on its computers.

In fulfilling our primary mission, the Greene County Public Library also maintains and makes available Internet access which a patron may utilize to access other Internet sites not directly related to the Library's primary mission. While the Library and its staff are committed to making such access available, the Library cannot guarantee patron satisfaction in accessing these other sites with the same commitment and support provided to the delivery of our primary services.

Free wireless Internet access is provided to patrons and guests. Patrons are responsible for configuring their own wireless equipment.

A patron's experience with web sites may vary and may be beyond the control of the Greene County Public Library and its staff.

Greene County Public Library is in compliance with the Children's Internet Protection Act (CIPA). To the extent practical, technology protection measures (or "Internet Filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Subject to staff supervision, technology protection measures may be disabled for adults age 17 or over upon proof of age or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Acceptable Use Policy

1. The following uses of the Internet and equipment at the library are prohibited: illegal purposes, and displaying graphics, which may be reasonably construed as obscene.
2. Users of the public computers and equipment are responsible for their own choices. Parents and guardians are responsible for the use of these resources by their own minor children.
3. Users of the public computers and equipment shall not: misrepresent themselves as another person; attempt to modify or gain access to files, passwords, or data belonging to others; seek unauthorized access to any computer system; damage or alter software components of any network or database; upload information to a library computer's hard

drive or equipment without authorization by staff; or modify any library screens or programs.

4. The sending of any information, including name, address, and credit card numbers, via the Internet is at the sole risk of the user. The Library accepts no responsibility for unauthorized access or modification of accounts or materials accessed through the Library's equipment or networks.

5. The library reserves the right to charge for printing or use of consumables.

6. Makerspace Users may bring their own consumable materials or use library-supplied materials. Makerspace User supplied materials are subject to the approval of staff. Library supplied materials may be supplied at a cost to the user.

7. Use of a public computer or equipment is on a first-come basis.

8. The copyright law of the United States (Title 17 U.S. Code) governs the reproduction of copyrighted material. The user of the public computer or tablet is liable for any infringement.

9. Users may bring their own storage devices and media for the purposes of uploading, downloading or storing data. Documents saved to the computers' hard drives are erased on a regular basis. The library is not responsible for damage to a patron's storage device or computer, or for any loss of data, damage, or liability that may occur from use of the library's equipment.

10. The library reserves the right to end a session at any time.

11. Library staff assistance with equipment and technology is available as staff time permits.

12. Misuse of the library's computers and/or equipment may result in loss of library privileges.

Appendix B - Request for Reconsideration of the Display and Distribution of Non-Library Materials

Concerns or complaints about the policy on Display and Distribution of Non-Library Materials, its implementation or materials displayed, are to be directed to the Head Librarian. You may appeal the committee's decision to the Directory and/or Board of Library Trustees. The title under reconsideration will remain on display throughout the process.

5. **Makerspace Activities; Assumption of Risk.** GCPL's Makerspace facilities and equipment include, but are not limited to, 3-dimensional copying and printing machines, computer equipment, plastic materials, finishing tools and equipment and other 3D working related items. While most tools, equipment, and supplies will be provided by GCPL, on occasion some items will be supplied by Users. GCPL may require Users to wear specified safety gear, and undergo training, but safety gear and training may not always be available. Surfaces of floors, workbenches and tables in Makerspace areas may have debris, dust, liquids, and sharp objects. While GCPL will strive to supervise Makerspace areas, not all activities of User or other Users can be supervised at all times. All above-referenced and other use of Makerspace work areas, facilities, tools, and equipment, whether alone or with others, whether supervised or not, and whether performed according to GCPL policies, procedures, and safety rules, or not, shall be referred to as the "Makerspace Activities."

The undersigned User and/or Responsible Party understands and agrees that the Makerspace Activities involve various hazards, dangers, and risks, including without limitation, and by way of example, the risk of trips, slips and falls; cuts, broken bones, burns, and other wounds to hands, head, feet, eyes and other body parts; electrical shock; exposure to dust, fumes, smoke, noise, and vibrations; and accidents due to negligence of other users or GCPL staff or vendors, or due to defective or inadequate facilities, equipment, tools, machinery, or due to inadequate maintenance or repair, training, instructions, supervision, first aid and medical treatment, or safety gear. The risks also include other risks arising from User's involvement in the Makerspace Activities, including unpredictable risks and risks inherent in the use of the work areas, facilities, tools and equipment used in Makerspace Activities. Each User and/or Responsible Party agrees that such User's participation in

Makerspace Activities involves risks of accidents and serious personal injury and illness, paralysis, permanent disability, and even possibly death, of the User. All above-referenced risks and other risks arising from the Makerspace Activities are referred to herein as the "Risks."

The undersigned User and/or Responsible Party expressly assumes, for such User, and for such User's heirs, family and estate, executors, administrators, assigns, and personal representatives, all Risks arising from the User's participation in Makerspace Activities, whether those Risks are known or unknown, or are predictable or unpredictable, or are Risks inherent in the Makerspace Activities.

6. Release of Liability and Indemnification of Claims of User. In consideration for the privilege granted to the User to participate in the Makerspace Activities, and with full awareness and appreciation of the Risks involved, the undersigned User and/or Responsible Party, for and on behalf of the User and User's heirs, family and estate, executors, administrators, assigns, and personal representatives, hereby releases and agrees to indemnify and hold harmless GCPL, its Board of Trustees, and all organizations related to GCPL and GCPL's and its related organizations' affiliates, directors, officers, trustees, employees, volunteers, contractors, agents, representatives and successors and assigns (the "Released Parties") of and from any and all claims, demands, liabilities, and causes of action that may arise from or could be made against or incurred by the Released Parties or any of them with respect to any and all property damage, economic loss, medical expense, personal care expense, disability, disease, personal injury or illness whether physical or mental in nature, and/or death, whether caused by negligence or otherwise, suffered by the User and arising from the User's participation in the Makerspace Activities, and the Risks, including all claims of the undersigned User and/or Responsible Party. This Release and Indemnification includes all damages, costs, expenses, attorneys' fees, and economic and other losses which may be sought in any such claims.

7. Consent to Medical Treatment. If User is injured or becomes ill while involved in Makerspace Activities, reasonable efforts will be made to contact User's parent/guardian or emergency contact. In the event no contact can be made, the User and/or Responsible Party hereby authorizes GCPL and its employees, volunteers, agents and representatives to obtain and consent to, on the User's behalf, medical care, including without limitation, medical treatment, hospitalization, ambulance transportation, anesthesia, and X-ray and other exams and tests. The undersigned User and/or Responsible Party agrees to pay all costs of such medical care and transportation.

8. Miscellaneous. The User and/or Responsible Party agrees that GCPL provides no warranties of merchantability or fitness for particular purpose or use concerning any project or items made using library equipment, tools or materials. If any provision of this document is determined to be invalid for any reason, such invalidity shall not affect the validity of any other provisions, which other provisions shall remain in full force and effect as if this Agreement had been executed with the invalid provision eliminated. By signing below the undersigned person agrees that this document is intended to be as broad and inclusive as permitted under applicable law. This document is governed by Ohio law, and any claims brought concerning it must be commenced in the state courts of Greene County, Ohio.
